

BLUESKYS

1977

2006

Lorraine and I have had many challenges over the past 29 years, most being happy but also some sad. We were very fortunate to start a business in Vegreville at the age of 20 and can remember Larry Ruptash taking time on a Sunday as Mayor of Vegreville in 1977 to show us what land was available for purchase.

We have enjoyed the Vegreville business climate, raised four children and now find it time to pursue other business opportunities in Vegreville.

We would like to thank some very special people that have contributed so much to our dealership.

Terry Hamaliuk (now retired) - Unquestionably one of the finest technicians that I have been associated with.

Darrell Saskiw - A brilliant technician, dedicated, dependable and a great guy to work with.

Rod Chizawsky - Dedicated to the dealership and his customers, works extremely hard to ensure positive results.

Debbie McKinney - Intelligent, dedicated, hard working and a genuinely good person.

Wayne Lastiwka - Dedicated, hardworking, and an outstanding technician.

Jim Weiss - A brilliant technician, great with customers and a hardworking individual.

Kevin Bertin - Reliable and dedicated with exceptional abilities.

Myra Garrett - I have never worked with someone so capable, organized and focused in my life.

Arnold Sen - Takes great pride in his work, very accommodating with a bright future.

Clark Pipke - Joined us from high school in the RAP program and has excelled in the Parts Department with his farm background and great personality.

Bob Myroniuk - An extremely capable man, fair and honest; great to work with.

Michelle Leader - My right arm for three years and has helped me immensely in managing the sales department with her great work ethic.

Conway Crawford - A very bright and capable young man with exceptional talent and a great attitude.

Pete Ling - Ranks with those technicians that are gifted with exceptional abilities, a great personality and a pleasure to work with.

Murray Cumming - An honest, gifted and reliable territory manager that looks after his customers with confidence and pride.

Cindy Fleck - such a pleasant voice, always upbeat and a great woman to work with.

Kevan Mackney - An exceptional technician with a promising future.

Brian Litwin - Exuberant, aggressive with a great personality.

Barry Bruce - Always a great guy to talk with. Bringing cheer to all with his coffee room stories and jokes.

Sheryl Burkard - Always friendly, aggressive, works extremely hard at everything she does.

Shannon LaPierre - A very dedicated hard working girl.

Grant McKinney - A very capable man always willing to help out and a great sense of humor.

Ward and Callie Third - For the short time you were at the dealership you both have shown great potential.

Don deBeudrap - Dependable man with lots of experience.

Also a special thanks to those who have also contributed to the success of the dealership: Janice Nakonechny, Susan Andrashewski, Nolan Ziebarth, Tony Lizotte, Justin Saskiw, Tiffany Burkard, Clay Cartier, Curtis Hill and last but certainly not least Kim Hill.

A special thanks to Sandi and Paul Carver for disrupting their lives and careers to assist us in running a dealership.

With the challenging nature of agriculture and the changes I have experienced over the last 29 years, my respect for our customers goes without saying. On the fear of missing just one customer I have chosen to thank all of our customers together whom have supported our dealership over the years, including our Massey Ferguson and John Deere Days.

Our decision to sell our dealership was one of the hardest and saddest things Lorraine and I have had to do. However the landscape of the corporate world is changing - the jury is still out if big is better?

In closing, many thanks to those customers and staff members that have made these past 29 years so memorable.

Lorraine and I, along with our family, plan on staying in Vegreville and are excited with the business environment and plan to start a new venture. We hope our customers will once again support us as they have done in the past.

Thank you and we truly wish all those that have worked with us or supported us over the years continued prosperity and good health.

Keith and Lorraine Carver
